Take Home Assignment #2

9-25-2007

Using your two handouts of example outcomes, action verbs list, and “Assessing Your Assessment Outcome” handout, revise the outcomes you began writing in class to make them as measurable, meaningful, and manageable as possible (refer back to Bresciani article for help if you need!). Bring at least two revised outcomes to session 3; we will discuss them as a group, you will offer feedback to one another, and then turn them in to Joel and Leslie to get individualized feedback.
