

Take Home Assignment
A-Team Session 5
October 16, 2007

- 1) Using your assessment planning sheet from Session 4, the assessment plan outline, and the Gainesville example, create your formal assessment plan and bring to class next week. *Please type your plan* so Joel and Leslie can give you electronic feedback.

- 2) Be prepared to informally present your plan to the class during Session 6. Each A-Team member will have about 5-7 minutes to present, which will be followed by questions and discussion from the class.
