

A-team
Take Home Assignment
Skills Session #1
October 30, 2007

- A). Access Perseus through your terminal server account.
- B). Create 5-10 question questionnaire on a topic of your choice on Perseus.
1. Be sure to use all 6 types of questions modeled in the session (refer to your instructions as a reference.) Choose one, choose many, choose one per topic (table with scale), fill in the blank, fill in the blank (customized options) and essay.
 2. Remember to check between Normal and Web view to ensure there are no quirks.
 3. Perseus is like any other online software. It takes time to familiarize yourself with the basic tools.

As always, call 542-3564 or email Joel or Leslie if you have questions. Joel: jhscott@uga.edu Leslie: lca@uga.edu.
