

We've put together a list of fun and creative event ideas you can host with your students! While planning, please keep in mind that there are some limitations on reimbursable expenses. Most reimbursements will consist of food and beverage expenses. We can also reimburse ticketed activities—such as movies, bowling, or skating—up to \$14 per person. If your event includes both a ticketed activity and food, please note that the total reimbursable amount remains capped at \$14 per person for all combined expenses.

Additionally, we're unable to reimburse purchases of board games, trivia games, and outdoor sports equipment if you choose to host this type of event.
